Dear Mr Cockerill,

Thank you for sending me a P.A.W. Board, safely arrived on Monday last. It was delivered to our Senior School address hence my delay in sending you the enc. cheque. Sorry!

May I repeat my great pleasure in discovering your "prone angled writing" board which after 25 years of teaching struggling learners I find to be quite the best writing slope that I have ever used. Thank you for distributing it and I will certainly recommend it to the parents and children that I teach. Just to add - I am using it myself to write this letter and my, usually stiff neck is much improved!

Many thanks.
